Bids, which do not comprise the afore-enumerated data, shall be formally rejected.

VI. Terms & conditions of amendment of a contract:

The Contracting Authority reserves its rights to implement amendments into a contract concluded with a Contractor selected as a result of the (bidding) procedure.

Potential amendments of the provisions shall be concluded in form of an annex in writing.

Moreover, they can be implemented in the following cases:

- occurrence of justified changes to extent and regarding way of performance of the subject-matter of the contract;
- occurrence of objective reasons staying beyond control of the Contracting Authority and a Contractor;
- occurrence of circumstances which result from an Act of God;
- amendment of significant legal regulations.

VII. Criteria of assessment and description of way points are awarded ("weight" of points)

Criteria for assessment of bids:

1. **Bid price (C)** which means :
 - net price of the machine described as a subject-matter of the contract

2. **Contract performance term (T)** which means :

- the shortest performance term which means time from a contract signing to a day of machine delivery.

The Contracting Authority shall select the most attractive bid on the basis of number of points (maximally a bid can gain 100 points):

Bid price (C) - 90 point maximally.

A bidder, which offers the lowest price shall get 90 points. For remaining bidders points awarded on the basis of this criterion shall be calculated as follows:

$$C = (\text{The lowest bid price} / \text{Bid price in a considered bid}) \times 90 \text{ points}$$

Contract performance term (T) - 10 point maximally.

A bidder, which offers the shortest time of performance of the subject-matter of the contract is awarded 10 points. For remaining bidders points awarded on the basis of this criterion shall be calculated as follows:

$$T = (\text{Number of days necessary to perform the subject-matter of the contract offered by a bidder offering the shortest performance time} / \text{Number of days in a considered bid}) \times 10 \text{ points.}$$

The most attractive bid shall be the one, which is awarded the highest number of points after points for Price and Performance time are summed up. A Contractor undertakes to sign a contract with the Contracting Authority within 30 days from the Contractor selection (approval) date.

- In case a Contractor, whose bid has been selected, refrains from the contract conclusion, the Contracting Authority may select the most attractive bid from the remaining ones.
- For the criterion - bid price, in case of bids in foreign currencies, conversion into PLN shall take place acc. to an average exchange rate of the National Bank of Poland. The Contracting Authority is not obliged to conclude a contract with selected Contractor, even if its bid has been rated to be the most attractive bid and even if the bid in question meets criteria specified in this Request for Bid.
- This bidding procedure may be canceled without selection of a Contract, as well as it may be rescinded before and after selection of the most attractive bid, without a reason.
- Information on results of the procedure shall be placed by the Contracting Authority at the web site www.profilex.net, within 7 days from the end of the procedure.
